

EDITORIAL OFFICE

Address for submission of papers: Energy Science and Technology Editorial Office
758, 77e AV, Laval, Quebec, H7V 4A8, Canada
E-mail: est@cscanada.net est@cscanada.org caooc@hotmail.com

EDITOR-IN-CHIEF

Allen Green
Canadian Research & Development Center of Sciences and Cultures, Canada

DEPUTY EDITOR

Wen-Tien Tsai
Graduate Institute of Bioresources, National Pingtung University of Science and Technology, Taiwan

WANG Zhifeng
Institute of Electrical Engineering, Chinese Academy of Sciences (CAS), China

Lurion De Mello
Macquarie University, Sydney, Australia

ASSOCIATE EDITORS

Mohammad Rasul
School of Engineering and Built Environment Faculty of Sciences, Engineering & Health, Central Queensland University Australia

LI Xiaosen
The Center of Gas Hydrate Research Key Laboratory of Renewable Energy and Gas Hydrate, Guangzhou Institute of Energy Conversion, The Chinese Academy of Sciences, China

SHI Jing
Industrial & Manufacturing Engineering, North Dakota State University, Fargo, USA

WANG Junye
North Wyke Research Institute (Rothamsted Research), UK

FANG Xiande
Institute of Air Conditioning and Refrigeration, Nanjing University of Aeronautics & Astronautics, China

Narendra Kaushika
World College of Technology & Management, NCR, India

CHEN Haisheng
Institute of Engineering Thermophysics, Chinese Academy of Sciences (CAS), China

Jahar Sarkar
Department of Mechanical Engineering, Institute of Technology, India

Adam Smoliński
Department of Energy Saving and Air Protection Laboratory of Coal Processing, Central Mining Institute, Poland

Despina Vamvuka
Department of Mineral Resources Engineering, Technical University of Crete, Greece

LIU Chunzhao
National Key Laboratory of Biochemical Engineering, Chinese Academy of Sciences, China

Dragos Isvoranu
Polytechnic University of Bucharest, Romania

Wei-Hsin Chen
Department of Greenery, National University of Tainan, Taiwan

Jamal Mahmoud Nazzal
Head of Department, Mech. Engineering Dept., Shaqra University, Saudi Arabia

DENG Shuguang
Department of Chemical Engineering, New Mexico State University, Las Cruces, NM

Eric Jing Hu
School of Mechanical Engineering, The University of Adelaide, Australia

Ng Hoon Kiat
Department of Mechanical, Materials and Manufacturing Engineering, The University of Nottingham Malaysia Campus, Malaysia

LI Shuyuan
China University of Petroleum, China

ZHU Qunzhi
School of Energy and Environment Engineering, Shanghai University of Electric Power, Shanghai, China

GAN Suyin
Department of Chemical and Environmental Engineering, The University of Nottingham Malaysia Campus, Malaysia

NI Meng
Building Energy Research Group, Department of Building and Real Estate, The Hong Kong Polytechnic University, Hong Kong

Young Nam Chun
Department of Environmental Engineering, College of Engineering, Chosun University, Korea

Hessam Taherian
University of Alabama at Birmingham, Birmingham, AL, USA

LIANG Deqing
Institute of Energy Conversion, Chinese Academy of Sciences, China

Massimo Corcione
Dept. of Astronautical, Electrical and Energy Engineering, SAPIENZA University of Rome, Italy

Chaouki Ghenai
Ocean and Mechanical Engineering Department, College of Engineering and Computer Science, Florida Atlantic University, USA

XU Jinliang
Renewable Energy School, North China Electric Power University, China

Bobban Subhadra
GreeInn Solutions LLC, Albuquerque New Mexico

Sam Wong
School of Environmental Sciences, University of Liverpool, UK

TAN Piqiang
School of Automobile, Tongji University, China

Wojciech M. Budzianowski
Wrocław University of Technology, Poland

FANG Zhen
Chinese Academy of Sciences, Xishuangbanna Tropical Botanical Garden, China

Lalasaheb Patangrao Deshmukh
Department of Physics (Appl. Elect.), Solapur University, India

Vinod Kumar
University Of Texas At El Paso, USA

ZHAO Xudong
Low Carbon Society, De Montfort University, UK

ZHAO Changying
School of Mechanical Engineering, Shanghai Jiaotong University, China

Wan Mohd Norsani B. Wan Nik
Maritime Technology Department, Faculty of Maritime Studies and Marine Sciences, University of Malaysia, Terengganu

HUANG Weidong
Department of Geochemistry & Environmental Science, University of Science and Technology of China, China

Firoz Khan
School of Chemical Engineering, Chonbuk National University, South Korea

Shinji Kudo
Institute for Materials Chemistry and Engineering, Kyushu University, Japan

ZHOU Yan
Department of Physics, The University of Hong Kong, China

HE Yaling
School of Energy & Power Engineering, Xi'an Jiaotong University, China

Mushtaq Ahmad
Biofuel and Biomass Energy Lab., Department of Plant Sciences, Faculty of Biological Sciences, Quaid-i-Azam University, Islamabad

CHEN Jincan
Department of Physics, Xiamen University, China

Hua MENG
School of Aeronautics and Astronautics, Zhejiang University, China

Carolina Font Palma
Energy Technology & Innovation Initiative (ETII), University of Leeds, UK

Veera Gnaneswar Gude
Civil & Environmental Engineering, Mississippi State University (MSU), USA

ZHOU Guobing
School of Energy, Power and Mechanical Engineering, North China Electric Power University, China

Feng C. Lai
School of Aerospace and Mechanical Engineering, University of Oklahoma, USA

ZHAO Haibo
State Key Laboratory of Coal Combustion, Huazhong University of Science and Technology, China

K. MALARVIZHI
Department of EIE, SNS College of technology, Coimbatore

Md. Arifujjaman
UTC Power Corporation, South Windsor, CT, USA

LI Zhengqi
School of Energy Science and Engineering, Harbin Institute of Technology, China

SHUI Hengfu

School of Chemistry & Chemical Engineering, Anhui University of Technology, China

Manickam Sivakumar

Manufacturing and Industrial Processes Research Division, Faculty of Engineering, University of Nottingham (Malaysia Campus), Malaysia

Scott E. Grasman

Industrial and Systems Engineering, Kate Gleason College of Engineering, Rochester Institute of Technology

ZHANG Huamin

Dalian Institute of Chemical Physics, Chinese Academy of Sciences, China

Shin Hyung Rhee

Department of Naval Architecture and Ocean Engineering, Seoul National University, Korea

LIU Gang

School of Energy Science and Engineering, Central South University, China

Ho Soon Min

Faculty of Applied Sciences, INTI International University, Malaysia

Naji Hassane

Faculty of Applied Sciences, University of Artois

Sibtain Ahmed

Center for Marine Biotechnology and Biomedicine, Scripps Institution of Oceanography, University of California San Diego, USA

M. Abdul Mujeebu

Anjuman Institute of Technology and Management, Bhatkal, Karnataka, India

Mangej Singh

Department of physics University of Rajasthan, Jaipur

Andrew Chan

Faculty of Engineering, University of Nottingham (Malaysia Campus), Malaysia

Akira Otsuki

Metallurgical & Minerals Engineering, Western Australian School of Mines, Curtin University, Australia

MING Tingzhen

School of Energy and Power Engineering, Huazhong University of Science and Technology, China

Huan-Liang Tsai

Department of Electric Engineering, Da-Yeh University, Taiwan

FU Minglai

Key Laboratory of Urban Environment and Health, Institute of Urban Environment, Chinese Academy of Sciences, China

Orion Ciftja

Department of Physics, Prairie View A&M University, Prairie View, Texas, USA

Stephan Laske

Department Polymer Engineering and Science, Montanuniversitaet Leoben

ZHAO Qin

Laboratory for Atomistic and Molecular Mechanics in Civil and Environmental Engineering, MIT, USA

Hao SUN

Chevron Energy Technology Company, USA

COORDINATING EDITOR

Jamie Chao

Canadian Research & Development Center of Sciences and Cultures, Canada

James Ben

Canadian Research & Development Center of Sciences and Cultures, Canada

Richard Ryan

Canadian Research & Development Center of Sciences and Cultures, Canada

Yanni DING

Canadian Academy of Oriental and Occidental Culture, Canada
Canadian Research & Development Center of Sciences and Cultures, Canada

ENERGY SCIENCE AND TECHNOLOGY

ISSN 1923-8460 [Print]

ISSN 1923-8479 [Online]

Frequency: Quarterly

First published on February 28th, 2011, *Energy Science and Technology* is dedicated to providing a multidisciplinary platform for detailed and comprehensive investigations, analyses and appropriate reviews on energy science and technology. EST publishes peer-reviewed original scholarly high-quality work such as analytical, numerical, or experimental results and physical analysis of processes of lasting scientific value. Those pertaining to modeling, theory, analysis, simulations, technology development, experiments, visualization and measurement techniques are also appropriate for the journal. High-quality research papers are solicited in, but are not limited to.

Authors could send manuscripts by E-mail:

est@cscanada.net est@cscanada.org caooc@hotmail.com

Or send paper by post office to:

758, 77e AV, Laval, Quebec

H7V 4A8

Canada

For citation format, we require parenthetical citations within the text rather than endnotes or footnotes. Citation in the text provides information, usually the name of the author, the date of publication (the Author-Date System), and if need, the page number(s), to lead the reader to the accompanying full bibliographical entry in the reference list which is placed at the end of the research paper. We accept the APA (American Psychological Association) style, the *CMS (Chicago Manual of Style)*, the MLA (Modern Language Association) style.

For details on manuscripts submissions, please see the Author Guidelines in our website:
